

EW1355

5-Port USB Car charger 10.8A

Charge up to 5 smartphones/tablets on the road

- Charge 5 smartphones/tablets at the same time with only one car charger
- Dual car charger for use on the front and back seat
- Easily attachable to the car seat thanks to the included clip
- Smart IC charging system: automatic self-output power adjustment
- Extra-long cable: 1.5m
- Input 12V - 24V: suitable for both cars and trucks
- With over temperature protection, over voltage protection, over current protection and short circuit protection

DESCRIPTION

Imagine this: you and your kids hit the road for a long car ride. The kids all have a smartphone or tablet to keep them busy. These devices have a battery which needs to be charged. The Ewent EW1355 5-Port Car Charger 10.8A is the solution for charging 5 devices in your car at the same time.

The EW1355 Car Charger consists out of two parts. The first part is the plug which needs to be plugged into the cigarette lighter socket and includes already 2 USB ports. The second part includes 3 USB ports and can be easily attached to the car seat with the included clip. The charger parts are connected via a cable with a convenient length of 1,5m.

The 5-Port Car Charger is equipped with Smart IC. The Smart IC charging system distributes the available current between the connected devices. Besides, the smart charger recognizes the required current per device. Your tablet and smartphone will be charged with just the right amount of power. The charging will stop when the device is fully charged. The EW1355 has over temperature protection, over voltage protection, over current protection and short circuit protection.

TECHNICAL

- Input Voltage: 12/24V
- Total output current: 5V 10.8A(max)
- USB ports: 5
- Cable length: 150cm
- Power usage stand-by: 0.2W
- Power usage max.: 54W
- 2 ports hub dimensions in mm. (WxHxD): 19x70x14
- 3 ports hub dimensions in mm. (WxHxD): 25x84x18
- Weight in grams: 68g
- Protections: With over temperature protection, over voltage protection, over current protection and short circuit protection.

LOGISTIC

- Product Weigh: 68.00 g
- Retail packaging Dimension (mm): 175 x 155 x 65
- Retail packaging Weigh: 121 g
- Master carton Qty: 36
- Master carton Dimension (cm): 38 x 34 x 35
- Master carton Weigh: 5.40 kg
