

## EW3400

### Laser Barcode Scanner

Easy configuration. No software driver is required

- 650nm laser diode barcode reader
- 150 readings per second
- Plug and Play barcode reader that is simple to install through its USB interface
- Decoding capacity: UPC-A, UPC-E, EAN-13, EAN-8, ISBN/ISSN, Code39, Code Bar, Interleaved / ITF 25, Industrial 25, Code 128, Code 93, Code 11, MSI/PIESSEY, UCC/EAN128, etc.
- Reads high-density codes.
- Permits manual readings and automatic readings from its base.
- Ergonomic, heavy-duty design.
- Includes a base for hands-free operation.
- Simple configuration through barcodes, using its manual.
- 

#### DESCRIPTION

The Ewent EW3400 scanner is a highly versatile, heavy-duty wired reader. It is designed for a wide variety of indoor and outdoor tasks, from a traditional store to a warehouse, where it may be used by different people. Its level of protection against dust and water provide extra protection against damage that can be caused by exposure to moisture. It is designed to withstand impact in warehouses or points of sale. Thanks to its characteristics, it can be operated in indoor or outdoor environments without compromising its durability or reliability. Its high level of reliability guarantees long-term operability.

The EW3400 has been conceived with great field depth and high-speed reading capacity, which permits totally automatic reading and its use as a hands-free reader from its base (included); simply present the code for the reader to be able to automatically read it. It is also programmable for short- and long-distance readings in both automatic and manual mode, which increases its efficiency and productivity, while its ergonomic design makes its use very comfortable.

The EW3400 decodes all linear 1D barcodes. Companies like supermarkets, pharmacies and hospitals are already using this new technology.

Its design and advanced scanning system make the EW3400 one of the preferred barcode readers on the market and the top choice of our clients, thus ensuring a large investment in this type of tools.

#### TECHNICAL

- Light Source: Visible laser 650nm
- Decoding Capability: UPC-A, UPC-E, EAN-13, EAN-8, ISBN/ISSN, Code39, Code Bar, Interleaved / ITF 25, Industrial 25, Code 128, Code 93, Code 11, MSI/PIESSEY, UCC/EAN128
- Interface: USB
- Trigger Mode: Manual, Continuous scanning, Auto Sensing
- Scanning Speed: 100scans / sec
- Scanning Distance: 10-600mm / Roll 60°, Pitch45°
- Power Supply: DC 5V / 100mA via USB
- Shock Resistance: 1.5m free fall on concrete surface

#### LOGISTIC

- Product Weight: 451.00 g
- Retail packaging Dimension (mm): 185 x 115 x 90
- Retail packaging Weight: 456 g
- Master carton Qty: 20
- Master carton Dimension (cm): 39 x 25 x 49

• Master carton Weighth: 10.00 kg

Automatic Mode

Manual Mode
