

EW3410

2D USB Barcode Scanner

2D CCD Barcode Scanner

- 200 readings per second
- Easy to install Plug and Play barcode reader via USB interface
- Decoding Capability: UPC-A, UPC-E, EAN-13, EAN-8, ISBN / ISSN code 39, Codabar, Interleave 25, Industrial 25, Matrix 25, Code 128, Code 93, Code 11, MSI / PLESSEY , UK / PLESSEY, UCC / EAN128, etc.
- Allows continuous or simple readings; performs automatic readings from media or manuals
- Ergonomic and highly durable design. Housing material ABS military shock and abrasion resistance
- Supports without problems falls up to 1.5 meters high
- Accurate, resolution of 4 thousand; Reads damaged codes in both dim and bright light conditions, fast and accurate
- Simple configuration through barcodes using its manual.
- Advanced decoding technology, powerful error correction ability
- Easy to use inventory mode. Can store between 500 and 10,000 barcodes
- You can switch to standby mode automatically.
- Hands Free Base included
-

DESCRIPTION

The Ewent EW3410 scanner is a highly versatile, heavy-duty wired reader. The scanner is designed for a wide variety of indoor and outdoor tasks, from a traditional store to a warehouse. The Barcode Reader is protected against dust and water and provides extra protection against damage that can be caused by exposure to moisture. It is designed to withstand impact in warehouses or points of sale. Thanks to its characteristics, the scanner can operate in indoor or outdoor environments without compromising its durability or reliability.

The EW3410 has been equipped with a great field depth and high-speed reading capacity, which permits complete automatic reading and its use as a hands-free reader from the base (included). Simply hold the code in front of the reader and it will be read automatically. The EW3410 is also programmable for short- and long-distance readings in both automatic and manual mode, which increases the efficiency and productivity. The ergonomic and heavy-duty design ensures a very comfortable usage.

The EW3410 decodes all linear 1D barcodes and most 2D barcodes. Companies like supermarkets, pharmacies and hospitals are already using this technology.

TECHNICAL

- Light Source: Red LED sights + white LED light
- Decoding Capability: Codabar, Code11, Code39/Code93, UPC/EAN, Code128/EAN128, InterLeaved2of5, Matrix2of5, MSI CODE, Standard2of5, QR CODE
- Interface: USB
- Trigger Mode: Manual, Continuous scanning, Auto Sensing
- Scanning Speed: 200 scans / sec
- Scanning Distance: 5 * 5 cm² -- 30 * 30 cm²
- Power Supply: DC 5V 300mA via USB
- Shock Resistance: 1.5m free fall on concrete surface

LOGISTIC

- Product Weigth: 451.00 g
- Retail packaging Dimension (mm): 185 x 115 x 90
- Retail packaging Weigth: 456 g
- Master carton Qty: 20

- Master carton Dimension (cm): 39 x 25 x 49
- Master carton Weigth: 10.00 kg
