

EM4417

16 Port Gigabit Networking Switch

Create a high speed network for file sharing and Internet

- Gigabit Networking Switch
- 16x 100/1000Mbps ports
- Automatic cross-over detection
- Internal power supply
- LED on each port for link, activity
- 19" rack mountable

DESCRIPTION

Due to the constantly increasing demand for bandwidth thanks to audio and video applications, internet websites full off interactive content and internal applications, the demand for high-speed networking solution rises as well. Eminent offers an attractive way to prepare your computer for the future in networking: the Gigabit network. With data transfer speeds up to 1000Mbps a Gigabit network offers enough 'room' for even the largest applications.

The Eminent 16 Port Gigabit Networking Switch allows you to set up a network fast and easy. The Gigabit Networking Switch has 16 independent 100/1000Mbps ports supporting full-wire speed transmissions in half or full duplex modes. Do you wish to offer quick network or Internet access to all users? The Gigabit Networking Switch achieves optimal performance, thanks to the N-Way auto-negotiation function. The Gigabit Networking Switch can automatically choose the correct speed. Cross-over detection ensures that users can connect the switch to another switch or hub without needing to connect a crossover cable. Perfect for setting up or extending your network!

TECHNICAL

- Standards: IEEE 802.3i, IEEE 802.3u, IEEE802.3ab, IEEE802.3x
- Data transfer rate: 10/100/1000Mbps
- Ports: 16x 10/100/1000Mbps RJ-45 ports
- Transmission method: Store-and-forward
- LED indicators: Speed, Power, Link/Activity
- 19" Rack Montable: yes
- Case Material: Metal
- Input: 110-240V, 50-60Hz, 0.3A
- Consume: 8W
- Operating Temperature: 0°C~40°C
- Storage Temperature: -40°C~70°C

LOGISTIC

- Product Weigth: 2050.00 g
- Retail packaging Dimension (mm): 487 x 224 x 80
- Retail packaging Weigth: 2110 g
- Master carton Qty: 5
- Master carton Dimension (cm): 50 x 40,5 x 24
- Master carton Weigth: 11.50 kg
