

EW1211

2-Port USB Charger 3.4A with power socket

Charge 2 devices at the same time

- Charge up to 2 USB devices at the same time directly via wall power socket
- Compatible with tablet, smartphone or any portable device that charges via USB
- Wall outlet remains available thanks to the integrated power socket
- Charging stops automatically when battery is fully charged

DESCRIPTION

Charge up to 2 USB devices, like tablets and smartphones, at the same time with the EW1211 2-Port USB Charger. You can charge devices without losing a wall outlet thanks to the integrated power socket. The charging will stop when the device is fully charged. The EW1211 has over voltage protection, over current protection and short circuit protection. The EW1211 is not suitable for outlets with an earth pin.
