DESCRIPTION

4 USB3.0 Ports and RGB Lighting

The desktop monitor computer stand has 4 USB 3.0 ports. Connect the USB cable (included) to connect to your computer's USB port; you will then have 4 additional USB 3.0 ports

RGB decorative lights have 10 pulsating lighting effects. They provide you with a different environment according to your choice.

Effective desktop organizer with storage drawer and mobile phone holder included. They can be used to store small items and place mobile phones after being taken out. It is also compatible with iPad, you can put it in the built-in slot in the drawer for that purpose.

The pens can also be placed on the computer desk holder, which can help you organize the mess

The desktop monitor riser stand adopts ergonomic design. The computer riser mount can raise your computer screen up to 80mm.

Scientific visual height allows you to avoid bending over, correct sitting posture, and effectively relieve neck and back fatigue

3 different folding width measurements. The support legs on both sides of the Drawer Monitor Riser can each be rotated 90°.

Adjusting 3 different widths according to your taste, suitable for different monitors. After folding, the length of the monitor stand can be shortened to reduce the footprint. The monitor stand made of thermosetting material is strong and flexible, with a maximum load of 20 Kilograms, which can place computer or laptop monitors stably.
